Simple and quick to use

This guide is intended to make operation of the RT3 GPS audio/ telephone easy.
It introduces the basic functions of the **telephone**, the **GPS navigation-guidance** and the **spoken commands**.

For **radio** operation, and for more detailed information about all of the functions offered by your GPS audio/telephone, refer to your vehicle's handbook.

RT3_V5-4-ANGLAIS-ed02-03.qxd 8/12/03 11:18 Page 2

CONTENTS

Introduction

- The control panel 4-5
- The steering wheel control 6-7
- The main menu and the configuration CD-ROM 8-9

Telephone

- The main functions 10-11
- Dialling a telephone number using the numeric keypad 12-13
- Taking or refusing a call 14-15

GPS Navigation-Guidance

- Main functions 16-17
- Entering a new address and activating guidance 18-21
- Storing a new address 22-23

Spoken commands

- Voice recognition 24
- Recalling a stored radio station 25
- Playing a track on a CD in the changer 25
- Changing the function displayed 25
- Recording a spoken description in the directory 26-29
- Using a spoken description 30
- Spoken reading of a text message (SMS) 31

Special equipment

- The 807 additional control 32
- The colour screen: map 33-35
- The TMC RDS traffic information 36

Press = on / off / switching off of the audio source

Rotation = volume adjustment

CD eject (audio or navigation)

Pick up Telephone menu

MODE

TELEPHONE

MAIN FUNCTIONS

Pick up
- Telephone menu:
  dial
  directory
  list of calls
  voice mail
- take an incoming call

Hang up
- end of call
- refuse an incoming call

Selection
of an element on a menu

Confirmation
of an element on a menu

HINTS AND TIPS

- *When entering the PIN code, you can choose to store it by confirming the* ***"Store PIN"*** *option.*

  You will no longer be asked to enter the PIN, if you leave the SIM card in the holder.

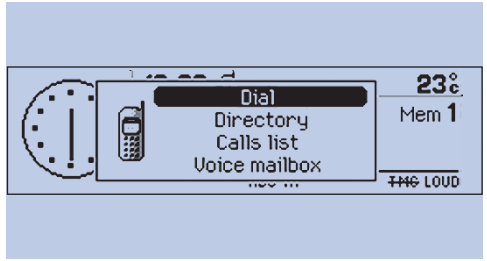
- ***To copy the SIM card directory to the RT3 directory and vice versa:***
  - *go to the* ***"Directory"*** *menu*
  - *select* ***"Directory files management"***
  - *then* ***"Exchange with the SIM card"***
  - *finally, select the directory file(s) to be exchanged and the direction of the exchange.*

TELEPHONE

Dialling a telephone number using the numeric keypad

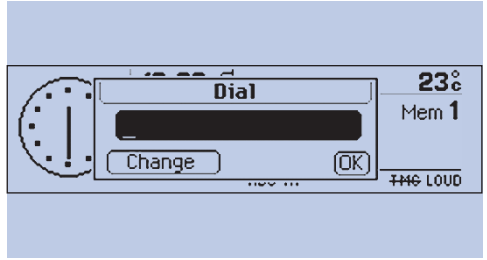
1

Pick up



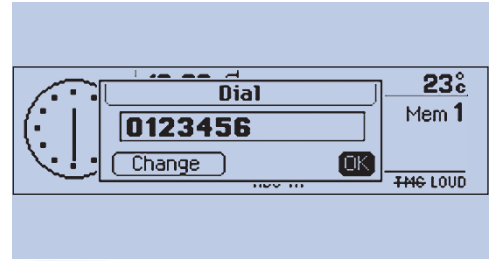
2

Enter the number



3 Confirm by pressing directly on

or using



4 At the end of the call

Hang up

HANDY HINT: call diversion

To divert a call from the RT3 to another telephone number:
- go to the ***"Telematics"*** *menu*
- select ***"Telephone functions"***
- then ***"Telephone options"***, ***"Voice call diversion N°"***
- enter the telephone number
- confirm by pressing ***"OK"*** *to activate the call diversion*
To deactivate or reactivate the call diversion subsequently, press the "Hang up" button for more than 2 seconds.

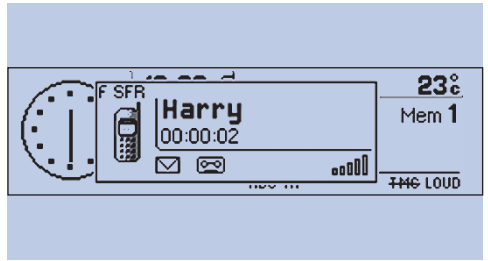
RT3_V5-4-ANGLAIS-ed02-03.qxd 8/12/03 11:18 Page 14

Taking or refusing a call

1 A call arrives...

Pick up

2



3

Hang up

Note: if you refuse an incoming call, it is diverted to your voice mail.

HINTS AND TIPS

Press the end of the right-hand steering wheel control to pick up or hang up.

Pick up

To find a call received or made, press the "Pick up" button and select **"List of calls"**.

RT3_V5-4-ANGLAIS-ed02-03.qxd 8/12/03 11:18 Page 16

GPS NAVIGATION - GUIDANCE

THE NAVIGATION CD-ROM

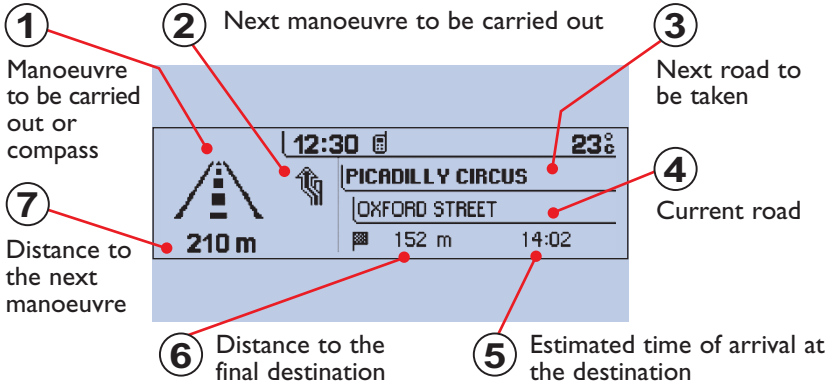
This contains the map data.
You can obtain updates of the map data from your PEUGEOT dealer.
Insert the navigation CD-ROM in the drive on the front panel and leave it there to use the Navigation-Guidance functions.

RECALLING THE SPOKEN MESSAGE

Pressing for more than 2 seconds enables you to listen to the last updated spoken guidance message again.

THE "CURRENT GUIDANCE" SCREEN

During guidance, press the **"MODE"** button several times in succession until the screen displays the following information:



Depending on the position of the vehicle and the reception of the GPS information, this information may disappear from the screen temporarily.

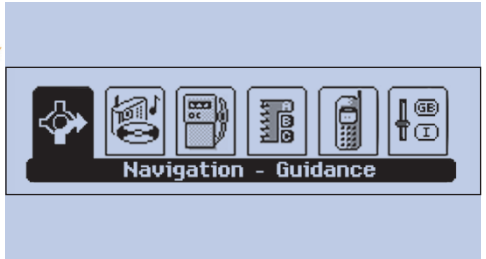
RT3_V5-4-ANGLAIS-ed02-03.qxd 8/12/03 11:18 Page 18

NAVIGATION-GUIDANCE

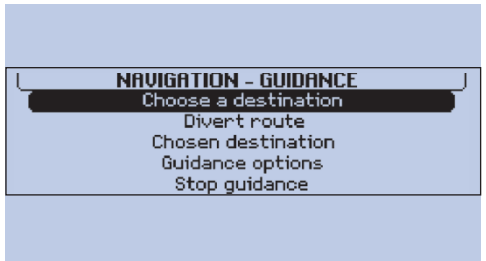
Entering a new address and activating guidance

1

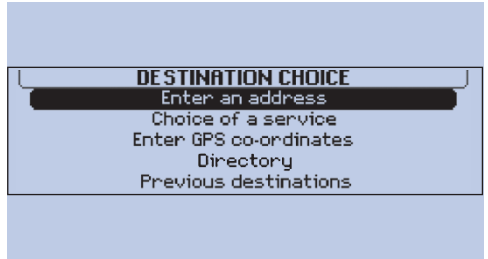
Select the **Navigation-Guidance** icon from the main menu



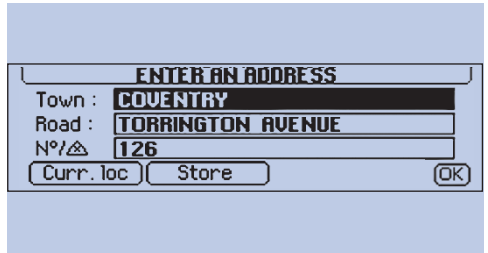
2



3



4



The last address entered appears

RT3_V5-4-ANGLAIS-ed02-03.qxd 8/12/03 11:18 Page 20

Entering a new address and activating guidance

5

Letter selection

Letter confirmation

To confirm the town

OK

6

Repeat these operations to enter the **"Street"**

and the **"N°"** (optional)

OK

7

Your complete address is entered.

If you wish to store the address, do this before activating guidance.

If you do not, press **"OK"**, guidance is now activated.

HINTS AND TIPS

*- If there is any doubt about the name of the destination (there are x towns, streets, n°), select **"List"** and confirm the destination chosen from the possibilities displayed.*

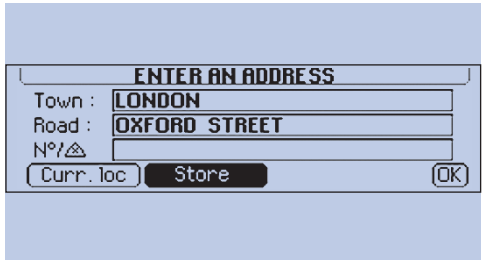
*- To be guided to the town centre, simply enter the **"Town"** parameter only.*

- To enter the street, it is not necessary to specify the type of street (avenue, road, boulevard...); for example, for "avenue de la Grande Armée", simply enter "grande armée" and select "avenue de la Grande Armée" from the list.

RT3_V5-4-ANGLAIS-ed02-03.qxd 8/12/03 11:18 Page 22

Storing a new address

1

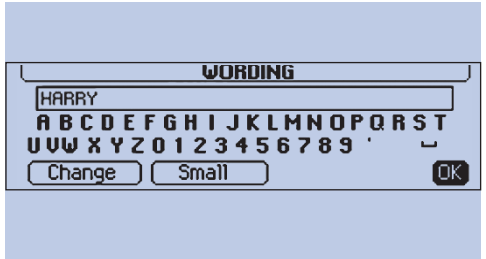


2

Enter the name associated with the address

Letter selection

Letter confirmation



OK

3

The file "Harry" residing in "London" is now created in the directory. Press **"OK"** to activate guidance.

HANDY HINT: enter using the alphanumeric keypad

You can use the alphanumeric keypad to enter an address or a name.

For example, to enter "PARIS", press the following buttons and select each letter one by one:
"7" *(once),* **"2"** *(once),* **"7"** *(three times),* **"4"** *(three times),* **"7"** *(four times).*

RT3_V5-4-ANGLAIS-ed02-03.qxd 8/12/03 11:18 Page 24

SPOKEN COMMANDS

A brief press
activates or deactivates the spoken command.

audible signal
=
confirmation

"Pardon"
=
repeat

VOICE RECOGNITION

From a pre-recorded list, you can control certain functions of your GPS audio/telephone vocally.
The words must be spoken one by one, pausing between each to wait for the audible confirmation signal and displaying of the word recognised.

HANDY HINT: list of commands

To display the list of commands available on the screen, classified by menu and sub-menu, you can either:
- say ***"Help"*** *or* ***"What can I say?"****,*
- press the ***"MENU"*** *button for more than 2 seconds.*

RECALLING A STORED RADIO STATION

- Brief press: displaying of the accessible menu of the "Navigation-Guidance" function

"MAIN"
- Brief press: displaying of the general information

THE COLOUR SCREEN: MAP

The colour screen permits displaying of the vehicle on a geographical map background.
When guidance on a map is activated, you can follow your vehicle on the following screen:

Display: vehicle following on map

To **enlarge or reduce the map**, turn the dial on the right.
You can also use the spoken commands: **"Zoom in"** / **"Zoom out"**.
There are thirteen zoom levels from 50 m/cm to 200 km/cm.

You can also direct the map in relation to North or the vehicle, by pressing the dial on the right and selecting **"Map direction"**.

RT3_V5-4-ANGLAIS-ed02-03.qxd 8/12/03 11:18 Page 34

The colour screen: map

You can move on the map to see other areas using the following screen:

Display: movement on map

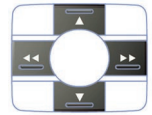
From the **"Vehicle following on map"** display, press the dial on the right and select **"Move the map"**.
To return to the **"Vehicle following on map"** display, press the dial on the right and select **"Exit map mode"**.

Note: these commands can also be accessed from the 807 additional control.

The **"Movement on map"** display permits the **selection of any location** on the map in order to:
- **display** the information about this location,
- be **guided** to this location,
- **store** this location in a directory file.

In all cases, you will obtain:
- either the **postal address**, if it is available,
- or the **service** if it is one,
- or if this is not available, the **GPS co-ordinates**.

To **move the cursor**, to select any location in this mode, use the four direction arrows.

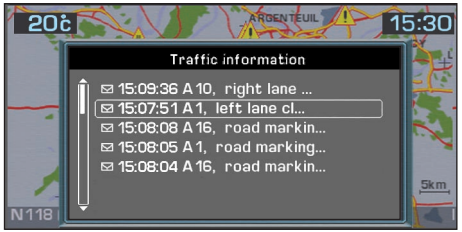


To display the **full screen map**, press the dial on the right and select **"Full screen"**.
Note: if you have activated displaying of the TMC RDS traffic information messages, these will be represented in the form of symbols.

SPECIAL EQUIPMENT

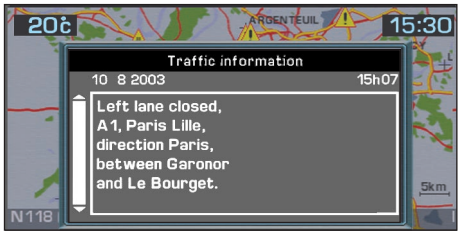
TMC RDS traffic information

You can display the TMC RDS traffic information messages irrespective of whether your screen is monochrome or colour.
From the main **"Telematics"** menu, select **"TMC RDS Traffic Information"** and confirm using the dial on the right.
On the **"Traffic Information"** menu, select **"Consult messages"** and confirm using the dial on the right.



The list of available traffic information messages is displayed.
You can also use the spoken commands: **"Traffic info"**, then **"Read"** or **"Display"**.

On the **"Traffic Information"** menu, select **"Filter the TMC info"** to display a category of information.



Using the dial on the right, select the message which is of interest to you to obtain the details relating to it.
The message is read by the voice synthesiser automatically, if it is active.
